A Representative Assembly was first granted to this Colony in 1822, under the Governorship of Sir THOMAS COCHRANE. By the Constitution nine Districts were established, returning fifteen members, who were to hold their seats during Her Majesty's pleasure. In 1838 the members of the Assembly were elected for four years, and this term has been adhered to since that date. In 1854, upon the granting of Responsible Government, the number of members was increased, at the instance of the Imperial Government, to thirty. In 1874 the membership was further increased to thirty-one, by the addition of one member to the number of those representing the District of Twillingate and Fogo. In 1882 the number of members was increased to thirty-three, by the erection of St. George and St. Barbe into Districts, with one member each. In 1893, after the publication of the Census of 1884, a partial re-distribution took place. The District of Twillingate and Fogo was divided, Twillingate retaining three members, Fogo was given one. Bay-de-Verd, to which was added part of the then District of Trinity, was allowed an additional member, as was also Harbor Grace. These alterations increased the number of members to thirty-six.

General Suggestions to the Public respecting Money Orders.

This Office will not be liable for any Order after payment.

State correctly the Christian name and Surname of person to whom the Order is payable.

State correctly the Christian name and Surname of the person taking out an Order.

Should any alteration be made in the name of the person in whose favor an Order is drawn, a new Order will have to be issued and commission be paid thereon.

Unpaid Money Orders are legally void at the end of one year; nevertheless, if any valid reason is adduced for delay in presentation, payment will be made upon application, subject to certain conditions.

To Postmasters.

Obtain from the presenter of a Money Order (whether he or she be the right owner or not) satisfactory information as to the christian name, surname and address of the person by whom drawn. In the case of a firm, the name of the firm and address will suffice. When an Order is presented through a bank, the Order, being properly signed, must also be crossed with the banker's name.

GENERAL DIRECTIONS TO THE PUBLIC.**Registered Letters.**

Register all valuable letters.

Always communicate to the Postmaster the loss or delay of letters, &c.

Letters for Canada should be addressed to the Province as well as the Post Office.

Address letters, &c., legibly, and be careful to discriminate between places of the same name.

A letter once posted becomes the property of the person to whom addressed, and must be forwarded according to its directions. On no application, however urgent, can it be delivered back to the writer or to any other person.

Letters containing gold or silver money, jewels, or anything liable to Customs' duty, cannot be forwarded by post beyond the Colony. In the Colony they *must* be registered. Always seal letters containing anything of value.

Letters addressed to mere initials will not be delivered, unless addressed in care of a resident, or to some box in the Post Office.

Letters bearing mutilated stamps, or stamps so soiled and defaced as to make it impossible for the assorting clerks to decide whether they have been used before or not, will be sent to the Dead Letter Office for adjudication.

Unpaid and insufficiently paid letters and mailable matter, both local and foreign, will be charged, on delivery, with double the amount of postage unpaid.

Letters are liable for full rates of postage whether posted open or sealed.

Re-directed Letters.

Letters re-directed to places in Newfoundland, Great Britain, Canada, and the United States, without being taken out of the Post Office, are not liable to any additional postage.

Request Letters.

Letters addressed to persons in Newfoundland, when sent in envelopes having written or printed thereon a request from the sender that the letter, if not delivered at the office addressed within a certain time specified in the request, may be returned to his address as requested, will be returned to the sender at the expiration of the time specified.

Newspapers.

Always fully pre-pay newspapers, or such will be taxed double the amount insufficiently paid. Unpaid newspapers will not be forwarded.

A newspaper must have no cover, or a cover open at both ends, which can easily be withdrawn. It must contain no enclosure. It must have no writing thereon but the name and address of the person to whom it is sent.

Newspapers over four ounces are charged at book rate.

Books and Circulars.

A book packet must be left open for inspection, it must not contain any enclosure, nor must it exceed twenty-four inches in length, nor twelve inches in breadth or depth. The limit of weight of a book packet addressed to any place within the Colony, Great Britain, Canada, or the United States, is three pounds. Postage—one cent per two ounces. Circulars—one cent each under two ounces.

Patterns and Samples.

Bona fide patterns and samples of merchaudize, not exceeding twenty-four ounces in weight, when posted in Newfoundland for places within Newfoundland, must be prepaid by postage stamp at the rate of one cent per two ounces weight, properly labelled, and put up in such a manner as to admit of inspection.

Packets of patterns and samples, addressed to any place in Newfoundland, can be registered on affixing thereto stamps to the value of three cents, in addition to postage stamps representing ordinary postage rate.

The limit of weight to Great Britain and British possessions is 5 lbs., the United States 12 ounces, and all countries in Europe 8 ounces—postage, two cents for the first four ounces, and one cent for every additional two ounces.

No article liable to Customs' duty can be sent as sample or pattern to a Postal Union country.

Registration.

Every letter and packet intended for registration must be handed in at the wicket, and a receipt obtained therefor. On no account should it be dropped into the letter box. The registration fee must be pre-paid on registered letters addressed to the Government Departments in St. John's (except the Postal Department), and also on registers sent by the Government offices to the Outports. The registration fee on letters and parcels to places in Newfoundland is three cents, including official registration; to Great Britain, four cents; to Canada and the United States, five cents.

Letters containing coin, &c., will be forwarded in the Colony only (charged with double registration fee, if posted without being registered). Coin cannot be sent in letters outside of Newfoundland. Such letters will always be returned from D. L. O. to writer. Always obtain a receipt for registered letter or packet.

Matter which cannot be forwarded by Post.

Any explosive, dangerous or destructive substance, liquids, or anything likely to injure the mails or the person of any officer or servant of the Post Office. A glass bottle, or glass in any form (except eye-glasses, microscopic slides and spectacles, when properly put up), matches, leeches, or fruit.

Letters containing gold or silver money, jewels, or any coin, or anything liable to Customs' duty, cannot be sent out of Newfoundland.

ST. PIERRE LIGHTS.

A *Revolving Light* on Galantry Head, giving white flash, lasting 8 4-10 seconds, followed after an interval of 9 6-10 seconds by a second white flash, lasting 8 4-10 seconds, then, after an interval of 12 6-10 seconds, by a red flash, lasting 8 4-10 seconds, another interval of 12 8-10 seconds, followed by the first white flash. Height, 210 feet above the level of the sea. Distance visible, 18 miles. The light is hidden at the northward by the high land of St. Pierre Latitude $46^{\circ} 45' 43''$ N.; Longitude $56^{\circ} 9' 52''$ W. Tower square, 36 feet high, painted white.

The *South Channel* entrance to St. Pierre harbor is marked by two small fixed lights. One is white, illuminating three-fourths of the horizon ; it is placed on the rocks at Pointe au Canon. The other is red, and is placed on the plain at the north of the town. The White light is 36 feet above the sea level, and is visible six miles. The Red light is 65 ft. above the sea level, and is visible three miles. The line connecting these two lights marks the middle channel. The Red light is so placed that as soon as it is seen on the left of Cape Aigle, vessels coming from Columbiere, in beating into the N. E. entrance, will be clear of the Cape Rodrigue Shoals.

Pointe a Levente Light, situate on the west point of the Island of Dogs, 62 feet above the level of the sea, visible 7 miles. The light shows white between the bearings (from the tower) of S. E. $\frac{3}{4}$ S. and S. $\frac{1}{4}$ W. This white sector of the light marks the South-east passage, so as to permit vessels which keep within this cove to avoid the Bataille shoal on the right and Cape Noir and Bertrand Rocks on the left. It shows red from S. W. $\frac{1}{4}$ W., westward, to N. W. $\frac{1}{2}$ W., and should be avoided by vessels entering by the S. E. passage. It will enable them when they have quit the white cove to come to anchor in the Roadstead or in the Barachois, by following the line of white light from Pointe aux Canons and of the red light from the interior of the town.

Pointe Plate (Langlade) Light : 1st order dioptric, visible twenty miles. Latitude $46^{\circ} 48' 54''$ N. ; Longitude $56^{\circ} 24' 10''$ W. Light Tower painted in black and white bands alternately.

Cape Blanc (Miquelon) Light ; revolving ; showing 10 seconds in each minute ; visible 16 miles. Shows white from North through W. to S. W., covering the Seal Rocks with a red sector of light. It also lights the entrance to Miquelon Roads, showing 230 yards north of the Chatte Shoals, which are thus left in darkness. The lighthouse is painted in alternate horizontal bands, black and white. Lat. $47^{\circ} 05' 57''$ N.; long. $56^{\circ} 24' 10''$ W.

AYRE & SONS, Ltd., St. John's—For**SYNOPSIS OF LEGISLATION, 1904.**

CAP. 1.—*An Act to continue for a further period "The Newfoundland French Treaties' Act."*—This Act continues the operation of the French Treaties Act till 31st December, 1904.

CAP. 2.—*An Act respecting the Establishment of Cold Storage Factories and Houses.*—This Act confirms an agreement made between the Government of the Colony and the Newfoundland Cold Storage and Reduction Company under which the Company agrees to erect at some point between St. John's and Port-aux-Basques a central Cold Storage warehouse having a capacity of freezing at least thirty tons of fresh fish in twenty-four hours and a building with machinery equal to the reduction of sixty tons of fish offal in twenty-four hours; also a warehouse with a capacity sufficient to handle, store, pack and prepare for shipping at least one hundred tons of fresh fish within twenty-four hours. On these works the Company will expend \$500,000, and also agrees, whilst the agreement lasts, to expend \$200,000 per annum in the purchase from fishermen of Newfoundland of fresh fish and fish offal and in wages in connection with handling the same. The Company further agrees to establish not less than five bait storage houses at points to be agreed upon, and to extend the number to not exceeding thirteen, the Company reserving the right to discontinue the operation of any of such bait houses on its proving unremunerative, though it agrees to continue operations on the Government agreeing to make good any loss. The Company further agrees that the cost of bait to the fishermen shall not exceed one cent per pound above the cost of the bait. In consideration of these services the Government agrees to make payment to the Company for a period not exceeding twenty years of a sum by which its net annual profits may be less than five per cent. on the value of all buildings, plant, &c., constructed in the Colony for the purposes of the Company. This sum not to exceed \$25,000 in any one year. This grant shall be payable only after the Company has expended \$250,000 in buildings, &c., and only so long as the plant of the Company shall be in *bona fide* operation and entailing an annual expenditure of \$200,000, of which sum at least two-thirds shall be spent in purchase of fresh fish for exportation in frozen state. The Government further agrees to grant land for buildings, &c., to admit all plant, machinery, implements and apparatus free of duty, and to exempt the Company for the period of twenty years from Government or Municipal tax.
